SAM4S POS

SAM4S FORZA 2.43Ghz

WITH **Gcube** THERMAL PRINTER

Incorporating the latest generation Intel fanless processors' combines speed and efficiency along with quiet operation the Sam4s Forza is one of the fastest & quietest PC POS terminals in its class.

- The Sam4s Forza 15.6" with a 9.7" (4:3) Rear Customer Display in Gold & Black with a GCube 100.

The Sam4s Forza Point of Sale system is a range of POS terminals which not only offers innovative styling but at the same time frees up space below the POS terminal for additional hardware such as a receipt printer.

Sam4s Forza range has the processing power to deal with your every prerequisite. From the POS industries most popular 4th generation Celeron J1900 processor up to the 7th generation Intel i5 processor and incorporating 4GB of RAM and the latest 64GB SSD drive as standard, these combinations offer blazingly fast performance.

Available with either a 10", 15", 15.6" or an outstanding 18.5" vibrant PCT multi-touch display's the Sam4s Forza range has the flexibility to accommodate the most demanding of retail and hospitality businesses.

The projective touch display (PCT) has superior design qualities over resistive touch technology, with vivid and crisp colour enhancing features which leads to a more

pleasing and less fatiguing operation. Operating the touchscreen could not be easier, either by using the bare finger or capacitive stylus. Sharp objects such as pens will prevent operation and therefore increase the longevity of your Point of Sale investment.

With its spill proof multi-touch bezelless display, ergonomic and outstanding styling, the Sam4s Forza is one of the most aesthetically pleasing point of sale terminals in its class. With either standard counter mount, fixed counter mount, pole mount or wall mount the Forza range offers the widest range of flexibility for a multitude of installation requirements.

A reliable and price accessible system the Sam4s Forza range has many added benefits whether it be in styling or technology. A wise investment for any retail or hospitality business.
